

RIAZ AHMED M G

Resourceful and adaptable Software Engineer with 5+ years of experience building responsive and scalable web and mobile applications using React, Next.js, and modern JavaScript frameworks. Strong background in UI/UX design, with a passion for crafting clean, performant interfaces and delivering pixel-perfect user experiences. Proven ability to contribute across the full development cycle in both startup and enterprise environments.

Work Experience

Software Engineer, Anyainfo Consultancy Services

Mar 2021 - Present, Remote (Chennai)

- Developed dynamic web applications using React, Next.js, Redux, and Context API, focusing on responsive design and maintainable architecture.
- Implemented performance optimization techniques such as code-splitting, lazy loading, memoization to significantly improve load times and ensure a smoother, high-performing user experience across web and mobile platforms.
- Integrated with HL7 (healthcare) and CODA (financial) systems to enable secure, seamless data exchange across regulated platforms.
- Built and maintained reusable component libraries, ensuring scalability and reusability; enforced code quality with unit testing using Jest and React Testing Library.
- Developed and maintained multiple cross-platform mobile applications using React Native and Redux, delivering consistent performance across iOS and Android.
- Designed user interfaces and prototypes in Figma and Adobe XD for select projects, collaborating closely with stakeholders and design teams.
- Integrated REST, GraphQL APIs and ensured smooth mobile app performance across devices.

Mobile Application Developer, Mobile CRM Technologies

Aug 2019 - Feb 2021, Remote (Chennai)

- Built hybrid mobile apps using React Native and Redux for B2B and consumer platforms.
- Delivered full-stack mobile solutions for a food delivery platform, including order tracking and real-time notifications.
- Integrated REST APIs and native modules to expand app functionality and enhance user experience.

Educational Background

Bachelor of Engineering in Computer Science

Sri Lakshmi Ammal Engineering College, Chennai

July 2016 - June 2019

- Driven by passion for computer science and technology, I pursued an undergraduate degree to enhance and develop my skills in this field, achieving a CGPA of 7.5.

Diploma in Computer Science

Bharath Polytechnic College, Chennai

July 2013 - June 2016

- Specializing in computer stream, I achieved 90% in my diploma.
